Conference Website: www.phonocon2018.com
Laryngology is the upcoming branch in ENT with significant developments and innovations in all its aspects viz. Phonation, Airway and Swallowing. As such, it is of great relevance to both the ENT surgeon and the specialist laryngologist to catch up with the latest in this field. Needless to say, a national conference offers the best opportunity for this. And so here it is: **PHONOCON 2018**.

Welcome all to the Queen of the Arabian Sea, Kochi, for an academic feast of symposia and panel discussions, bringing us up to date with the latest in laryngology. Prominent international and national faculty will be sharing their expertise and experience. Live surgery and Hands-on workshops are planned for the first day. There will also be Award Paper sessions for senior and junior consultants, speech language pathologists and ENT post-graduate students.

And last, but not the least, the location will be a tourist delight for delegates and their families. So, please mark the dates on your calendar: **2nd, 3rd and 4th February 2018**

**Organizing Committee**

**Chief Patron**
Dr. Jayakumar R. Menon

**Patrons**
Dr. V. Lenin Chathuruthy  
Dr. Idicula Mathews
